On Wednesday 14th of October year 4 was off to camp for two nights and three days. Lake Ainsworth is 776km north of Sydney.
Off we go
Cabin life
Snorkelling

The beach we walked down was a 7 mile beach and we had to walk down to the other end to get to where we were going to snorkel.

When we got to the end of the beach and got into the water it was worth the walk because we saw some incredible things like this......
Most people were afraid if there was crocodiles or sharks in the lake but there wasn't any just tiny fish.
Canoeing in the Teatree Lake

Everybody enjoyed it
In orienteering we had a compass and a set challenge. Our instructor told us how many steps we needed to take so we used the compass and took that amount of steps. Then our instructor said look up and there was a coloured shape above our heads.
On Friday the 16th of October we were getting onto the bus to come back to the Gold Coast. Almost everybody on the way back had a sleep on the bus.
I HOPE EVERY BODY HAD A GREAT TIME AT CAMP
